### Personal Statement

Sculptor residing in rural Otter Tail County, Minnesota. Concentrating on public art.

### Sculpture

**Title:** Big Money

**Description:** Big Money was inspired by my desire to use a pair of large, cast-iron light fixtures in a sculpture. They reminded me of graphics on mine, when mocked up as a base, and the idea of a big coin was chosen as subject. I thought the image of Monticello would be easy to make recognizable as a nickel. While an abstract Indian head would be acceptable head for the coin without having to sculpt a face.

**Dimensions:** 72" x 8" x 60"

**Weight:** 250 lbs

**Materials:** Repurposed cast iron, clear coated steel.

**Installation Requirements:** Hidden adapters under feet, weld or bolt to pad.

**Selling Price:** \$9,000
